

# LAKESHORE WATERWORKS LIMITED

## 2017 Annual Drinking Water Report

The BC Drinking Water Protection Act requires all water purveyors to provide customers with an annual report on the quality of their drinking water.

This report is to be submitted to the IHA by 30<sup>th</sup> June 2018 and covers the period 1<sup>st</sup> January 2017 to 31<sup>st</sup> December 2017

Lakeshore Waterworks Limited has compiled the following information to help all its customers to better understand their drinking water.

Lakeshore Waterworks Limited is a privately owned water company operating under Permit Number 005004 issued by Interior Health Authority to Facility Number 13-105-00031, facility category: Water System 15 – 300 connections.

Four water samples per month are required to be taken throughout the distribution system. Water samples are taken and sent to Caro Analytical Services in Kelowna.

Twenty-four hour on-call coverage is in place to respond to water system emergencies and alarms.

Emergency Contacts:  
Randy Craig 250 487 8362 or  
Cheryl Sturko – 250 490 0177

Lakeshore Waterworks Ltd holds a Facility Classification for a class II System. Facility # 2133 issued at Burnaby BC April 10<sup>th</sup> 2013.

### **Following are the test results from our water sampling throughout 2017.**

Canadian Drinking Water Guideline (Dec 10). MAC <1 where “MAC” is Maximum acceptable concentration (health-related guideline) and “<” is Less than reported detection limit
